

# AMALAYA

ESPERANZA POR UN MILAGRO

## AMALAYA WHITE

For centuries, farmers made offerings in hope for a miracle - as Amalaya translates in the local language - for a bountiful harvest. It is located at 1,800 meters above sea level, in the CALCHAQUÍ VALLEY, northwest of Argentina. The region stands out as one of THE HIGHEST VINEYARDS IN THE WORLD, characterized by its dry climate with no more than 150 mm annual rainfall, with significant thermal amplitude; rocky and sandy soil.

Each wine of Amalaya is a cuveé - an assemblage with a core of Malbec for our reds and Torrontés for our whites.
